SUPPLEMENTAL INFORMATION TO INTERIM RESULTS ANNOUNCEMENT

Reference is made to the interim results announcement of the Company dated 26 November 2015 (the “**Results Announcement**”). Capitalised terms used in this announcement shall have the same meanings as those defined in the Results Announcement.

The Company would like to provide the additional information in respect of its securities trading business. In the Review Period, the Group recorded unrealised losses of approximately HK\$58,672,000 for its holding of a portfolio of various listed securities, which comprised of 22 listed companies in sectors of (i) natural resources; (ii) banking; (iii) automobile; (iv) brokerage; (v) construction; (vi) property development and investment; and (vii) manufacture of air-conditioning and others. Out of those unrealised losses, (i) approximately 83% was attributable to the Group’s investment in International Standard Resources Holdings Limited (“**ISRH**”); and (ii) approximately 4% was attributable to FDG Electric Vehicles Limited (“**FDG**”).

ISRH is principally engaged in coalbed methane business, electronic components business and treasury business, and FDG is mainly engaged in (i) the research and development, production, distribution and sale of lithium-ion batteries and related products; (ii) the design, production and sale of electric vehicles; and (iii) the electric vehicle leasing business.

* *For identification purpose only*

The Group believed that the decrease in share prices of ISRH and FDG during the Review Period, among other things, was because of the crash and underperformance of Hong Kong stock market during the Review Period, and also probably because of the drop in price of natural resources during the Review Period. In the long term, in light of future demand for natural resources and the emphasis on environmental protection, we believe that the coalbed methane business and the electric vehicles business in which ISRH and FDG are mainly engaged respectively will have prospects in the global market, and this will benefit the business development of ISRH and FDG and contribute positive return to the Group.

By order of the Board
Styland Holdings Limited
